

Something Most Don't Think About

Through both Old and New Testament times, scripture points to a continuous problem.

As individuals or as a congregation is there something you're doing that is a problem?

Take a time out or try to see things from an outside appearance, perspective or analysis.

On or about your person ~ Jewelry, Etc. is there something symbolic, golden or an image?
As to the congregation's stationary or nametags is there something one would say, "They love that."

Are you trying to give someone a signal that you're a faithful Christian **symbolically**.

Ye shall make you no idols nor graven image...Lev. 26:1

Please be careful on something most don't think about.
